

PLAY COUNTS!

FUN WITH MATH

Bring the Museum back to your classroom by using the Play COUNTS! math cards and activities below.

PRINTABLE PLAY COUNTS! MATH CARDS

Shape Cards (Light Table)

Money Cards (Wee Bank)

Domino Cards (Funstruction)

Bee Cards (Beehive)

Bubble Cards (Bubbles)

Circle Cards (Rainbow Run)

Fruit/Vegetable Cards (Mom & Pop Store)

Print the Play COUNTS! math cards and let the children color and cut them out. Use these cards to do the activities below and have some Play COUNTS! fun in your classroom.

GRAPHING

Make a graph of children's favorite food, shape, Museum exhibit, etc.

COUNTING BOOK

Children will have fun making their own counting book using the Play COUNTS! math cards.

PATTERNING

Children can create their own patterns using these cards.

COMPARISONS

Use these cards to order according to size - Big, bigger, biggest!

MATH STORY

Make up some fun math stories using the Play COUNTS! cards.

SORTING

These cards can be used to sort by color, shape sizes, etc.
