

# Make your own creature!

Where does it live?

What does it eat?

What makes it special?

<b>Your Name:</b>	<b>School:</b>	<small>GRAND RAPIDS</small> <b>CHILDREN'S</b> <small>MUSEUM</small>
<b>Creature Name:</b>	<b>Age:</b>	

Mail your designs to: Exhibits, 11 Sheldon Ave NE, Grand Rapids, MI 49503

Email to : Exhibits@grcm.org

Please return by February 15th, 2026 for two free tickets to the museum.

The Grand Rapids Children's Museum is dreaming up our new building and youth voices are a critical part of it! We are asking youth between the ages of 0-18 to design a creature and details of their habitat.

- Where does it live?
- What does it eat?
- What makes it special?

We will then select designs to be used as inspiration for a climbing structure in our new museum, as well as creatures in our "Care for Creatures" exhibit (a vet clinic that will feature real and imagined animals).

Ways to return your creature:

- Scan and email it to [exhibits@grcm.org](mailto:exhibits@grcm.org)
- Mail it to: Exhibits, 11 Sheldon Ave NE, Grand Rapids MI 49503
- Bring it into the museum and two guests can play for free when you drop it off!

All drawings must be returned to the museum by February 15th, 2026.

If you have any questions please reach out to [exhibits@grcm.org](mailto:exhibits@grcm.org).
